PROFESSIONAL SUMMARY

Computer Science and Engineering student at East West University with a growing interest in Data Science. Focused on strengthening programming, problem-solving, database, and data-related skills through learning and practical work, with an interest in using technology and data to solve real-world problems.

EDUCATION

East West University
B.Sc. in Computer Science & Engineering
Academic interest: Data Science

2023 - 2028
Currently 3rd year

TECHNICAL SKILLS

Programming	C, C++, Python, Java, JavaScript
Web	HTML, CSS, React
Database	MySQL
Data Science	Python for Data Science — currently learning

CURRENTLY LEARNING & AREAS OF INTEREST

Python → Data Science → Machine Learning

PROJECTS

Currently Building
Building practical projects and expanding a portfolio as skills develop.

IN PROGRESS

ADDITIONAL INFORMATION

Experience: No internships or professional employment to date. Certifications: None to date.
